SUMMER
EXPERIENCE

A Unique Summer Experience

Welcome to Surval Montreux; an exceptional international boarding School exclusively for girls, enjoying a spectacular Swiss setting.

Founded as an international boarding School for girls in Leysin by Mrs Georgette-F Andrea in 1961, the School started in a small chalet situated above the valley, which inspired the name 'Sur-Val'. Moving to its current home on the hill overlooking Montreux and Lac Léman in 1998, Surval continues to thrive.

Surval enjoyed a long-standing reputation as a successful Swiss Finishing School and has remained true to its roots, continuing to offer courses in Etiquette, international Savoir-vivre and languages. Now, home to 60 full boarders from around the world and offering an internationally recognised curricula, the School provides a bespoke education for girls aged 12 to 19 during the academic School year.

Surval Summer Camp was launched in 1998, and now in its 23rd year, welcomes over 100 girls each year for our Swiss Summer experience.

Living the Language

Language lessons at Surval Summer Camp are fun, incorporating films, songs and role play, as well as more formal methods.

Language is put into practice in the School community and, for those learning French, through their visits in the local area where French is the main language. Classes are small, with up to six girls, and are taught by Surval staff.

All core skills are covered in the language lessons, and girls are encouraged to use their chosen language when speaking with teachers during the School day.

Outside lessons, our main language is English, but for the more ambitious there is an opportunity to speak to instructors and local activity leaders in French. Confidence in using a language is key, and the local people of Montreux are always happy to help.

“ Throughout the past three weeks at Surval Summer Camp, I have gotten to know people from all over the world. During our French lessons in the morning and activities in the afternoon, we have grown into one community despite our nationalities. This unique experience has allowed me to visit another country and learn about its history, culture, and language. ”
