

**SURVAL MONTREUX**  
GIRLS' SCHOOL IN SWITZERLAND

# Summer Camp (10-17 year olds)

25 June - 5 August 2023

- Residential language and activity camps exclusively for girls aged 10-17
- Intensive Language tuition (French or English) combined with Culture and Adventure
- **7 Camp themes** - girls choose a different theme for each week of their Summer Camp experience

**Cultural themes:** Culinary Arts, Performing Arts, Visual Arts, STEAM

**Adventure themes:** Land, Water, New Limits

## Choose your dates

Choose which dates work for your daughter and then select your preferred themes to match the number of weeks.

Minimum booking of 2 weeks, up to 6 weeks.

Week 1	25 Jun - 1 Jul	Week 4	16 - 22 Jul
Week 2	2 - 8 Jul	Week 5	23 - 29 Jul
Week 3	9 - 15 Jul	Week 6	30 Jul - 5 Aug

## An experience that will last forever

Surval's Summer Camp programme gives girls an unforgettable experience within our unique and unmatched international setting. Girls have a choice of camp themes and choose a different theme for each week of their camp experience. Regardless of theme chosen, each camp develops girls' language skills through levelled and targeted language classes taught by specialist language teachers.

Language classes are then combined with your daughter's chosen theme for the week affording

them the opportunity to apply their new language skills within their chosen area. This formula provides real world language application in a sage and supportive environment to develop their confidence. Beyond the internal activities of language lessons and applied language activities, your daughter has the opportunity to experience an array of external visits and excursions, bringing together culture, language and passion.

## Languages

The focus of the French and English language programmes is on inspiring a love of the language and building confidence in communication through engaging, interactive lessons delivered by experienced, specialist language teachers.

Students enjoy language tuition every morning followed by immersive cultural and sporting experiences in the afternoon when they can put their newly acquired language skills into practice in authentic situations.

### Key features of Surval's language programme:

- Choice of French or English
- No minimum language requirement - beginners welcome
- Groups according to language level, maximum 10 students per group
- 3 hours of focused language tuition every morning
- Experienced, qualified language teachers
- Progress report at the end of their camp

## Etiquette

Etiquette infuses all aspects of Surval school life. We believe our Summer Camps should be no different striving to enshrine the foundations of etiquette into girls, allowing them to feel confident and self assured in any situation.

During the summer camp, girls will experience etiquette both explicitly and discreetly within the context of the theme they have chosen. For example, a student who selects the Visual Arts theme will learn how to appreciate others' work,

both at Surval and during excursions, feeling confident in cultural settings. Girls who take Culinary Arts will look at dining etiquette, and so on. We firmly believe that the historical foundations from which etiquette stems are essential in the future success of all Surval campers.

## 7 Camp themes to chose from!

Girls choose a different theme for each week of their Summer Camp experience.

### Culture

**Culinary Arts:** Develops students' practical culinary skills, combining Swiss culinary culture with our fantastic access to local resources creating an unforgettable week.

**Visual Arts:** Provides students with a taster in a variety of visual arts skills from painting to sculpture, all whilst experiencing the wealth of cultural arts experiences Montreux and the wider area have to offer.

**Performing Arts:** This is more than a drama week, performing arts are crucial to girls developing their

confidence and presence. This camp will both challenge and develop your daughter's confidence, gaining self awareness and presence.

**STEAM:** Science, Technology, Engineering, Arts and Mathematics; this camp is for the budding female scientists and engineers of the future, drawing on our fantastic location with access to the world renowned CERN centre, inspiring and fostering curiosity.

## Adventure and Challenge

**Land Adventure:** Focuses on land based sports such as cycling, climbing and horse riding. This camp is ideal for non-swimmers or girls who lack water confidence giving them a taste of water activities during a dry land focussed week.

**Water Adventure:** Focuses on lake and river activities. It is therefore important that students who select a water camp are already water confident, allowing them to enjoy the activities offered.

**New Limits :** Focuses on challenging adrenaline pumping activities such as abseiling, climbing, bmx riding and canyoning, aiming to push comfort zones and challenge existing limits. Opportunity lies outside of your comfort zone.

# Timetables

## Weekday Timetable : Monday - Friday

Morning Session	Afternoon Session 1	Afternoon Session 2	Evening Session
